## **Instructions:**

Adhere Basic White Inside Card Layer to the inside of all card bases. Glue down the fussy cut Zoo Crew image you chose.

For the Outer Card front:

Adhere Layer 2 – Zoo Crew DSP to Layer 1 on each card base.

Greeting Tag:

Stamp Memento Ink and your choice of Go To Greetings on the Basic White strip, near the left end of the tag. With Paper Snips cut the left side banner tag end. Adhere the colored cardstock to stamped tag and snip the colored cardstock to match the banner tag end . Put 3 dimensionals on the back of the finished tag and affix about a ½’ up from the bottom edge of the Layer 2 - Zoo Crew center section.

Punched Round Zoo Crew Accent:

-With the 2 ½” Circle Punch, punch out the Basic Black circles. With the Decorative Circle Punch, punch 4 desired animals from the Zoo Crew DSP. Adhere those pieces together.

-Add some glue to the right end of the affixed greeting tag and apply 3 dimensionals to the back of the round tag and make sure the 3 dimensionals won’t conflict with the liquid glue on the end of the greeting tag. Affix round accent to card front as shown in the photos above.

Finish the cards by adding embellishments of your choice.

Decorate your Basic White Medium Envelope as you would like for a fun matched set.
