STAMPIN' UP! SUPPLIES:

STAMPS – Fabulous Sayings (was January 2026 Product of the Month – already sold out) substitute a similar stamp set.

PAPER

- Basic White Cardstock
- Lovely Blossoms Designer Series Paper, Nature Walk Designer Series Paper (just the crumb cake grid pattern) (DSP)
- Secret Sea Cardstock
- Basic White Medium Envelope

INK – Secret Sea

PUNCH – 2 ¼” and 2 ½” Circle Punches (retired) or substitute a size that works for the sentiment stamp set you selected. (Or if you have Circle Dies, use them.)

EMBELLISHMENTS – Moody Palette Glossy Dots

TOOLS –Paper Trimmer, Clear Stamp block D, Stampin’ Bone Folder, Seal Adhesive, Dimensionals, Take Your Pick Tool, Paper Snips, Simply Shabby.

MEASUREMENTS:

- Basic White Cardstock - 5 ½" x 8 ½", 4" x 5 ¼", 3" square, scraps for your sentiment
- Lovely Blossoms DSP & Nature Walk DSP (crumb cake grid only) – assorted patterns cut in strips ¾" x 5" and 1" x 5", then each strip cut diagonally lengthwise
- Secret Sea Cardstock - 3" square

INSTRUCTIONS:

- Score the 5 1/2" x 8 1/2" Basic White cardstock card base at 4 ¼" and fold using your bone folder.
- Before gluing anything down, arrange your patterned paper triangles on the 4" x 5 ¼" layer. This helps you balance colors and patterns for a pleasing overall design.
- On the left side of the vertical 4" x 5 ¼" layer of Basic White make a small tick mark halfway at 2 5/8". This is the mark where you will adhere your first triangular piece of DSP with the tiny tip on the tick mark, referring to the photo. All tips of your triangles will meet side by side.
- Then using your laid out series of strips you will adhere the rest of the top section, then follow with the bottom section. (Compare to the photo below - different card used.) Continue until the layer is fully covered in your sunburst pattern.
- Flip the panel over and trim off the excess paper carefully with scissors for clean edges.
- Repeat sunburst process with the envelope flap and trim off excess paper.
- Punch out the two circles, the largest size in Basic White, and the next largest in Secret Sea. Adhere them together. Using the scrappy panel layer as your guide, Hold the circle over the left edge of your panel and trim off about ½" so it aligns neatly with the card edge.
- Now adhere the scrappy sunburst layer to the card front (flat, no dimensionals).
- On a scrap of Basic White, flip over the photopolymer sentiment stamp and trace it twice. Then fussy cut out both shapes. Flip the paper over and stamp the sentiment in Secret Sea ink on each prepared shape. Also stamp the sentiment in the lower corner of the envelope front. Adhere the two sentiments flat inside the circle referring to the photo. Add Dimensionals to the circle combo and align with the left edge of the scrappy layer, affix. Add the glossy dots for dimension and interest.
- If you have some scrappy triangles left add a few to decorate the inner right side of the card base.
