**TOOLS** – Paper Trimmer, Clear Stamp blocks, Stampin' Bone Folder, Stampin' Seal Adhesive, Take Your Pick Tool, Simply Shabby. **Non Stampin' Up!** - PLUS Permanent Vellum Glue Tape (very hard to find) or use 1/8" Tear and Tape in small 1/4" pieces.

## MEASUREMENTS:

- Card Bases: Using one sheet of each In Color cardstock: Score lengthwise at 4 ¼" then cut crosswise at 5 ½". This creates: Two card bases measuring 5 ½" x 4 1/4" when folded in half and burnished with a bone folder.
- Basic White Cardstock: Cut 16 pieces from 4 sheets: 4" x 5 ¼" (One for the front layer and one for the inside layer of each card.)
- Envelope Flaps Cut: 2 ¼" x 6". Use coordinating designer paper for decorative envelope flaps and for 1/2" x 5 1/4" strips.

## HOW TO CUT THE BERRY BOTANICAL VELLUM

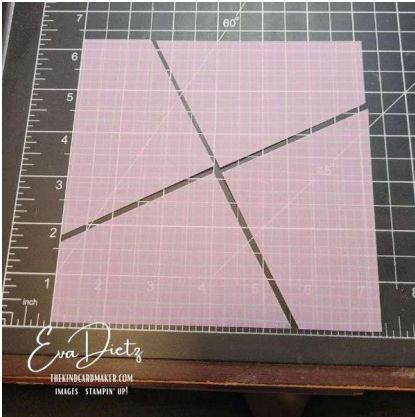

**1) Starting with 6" x 6" square. Measure 1 ½" from the top left corner and make small tic mark with pencil. Rotate 90 degrees and repeat until all 4 sides are marked.**

**2) Cut diagonally on tic mark into two pieces.**

**3) Placing one half piece in paper trimmer as shown, cut from top tic mark down. Repeat with other half piece just like first piece was cut.**

**4) Organize the 4 pieces so they look like this with each of the 4 cut patterns of vellum.**

#### **INSTRUCTIONS:**

- Arrange two vellum pieces onto one Basic White layer. Create a mix of 2 Vertical card layouts and 2 Horizontal card layouts. Refer to above photos. Slightly overlap the vellum pieces for added dimension and interest. Then adhere to Basic White layer.
- Stamp greetings directly into the Basic White open spaces using coordinating ink colors.
- Adhere the completed front panel to the card base.
- Decorate the inside Basic White layer with a coordinating ½" DSP strip.
- Add embellishments to card front to finish the design.
- Adhere and trim the DSP for the Basic White Envelope to match.
