## INSTRUCTIONS:

- Prepare Basic White Card Base, score as noted.
- Adhere Inner DSP layer to card base.
- Adhere Front panel DSP to card base.
- Stamp sentiments in Memento ink on Basic White as shown.
- Stamp 3 penguins on Basic White scrap. Color with Stampin' Blends. Fussy cut out. Then color outer edge of penguins with Basic Black marker by carefully running the marker tip on the cut edge at 90 degrees from the back side for a finished look.
- Adhere front panel of DSP to Basic Black. Only adhere left back side of two-layer front panel to front panel card base section.
- Affix the tag to the card front. Arrange and adhere penguins as desired. Add presents if desired.
- For Inner Basic White layer, add presents and sentiment if desired. Carefully position when adhering so the inner layer hides behind the front panel layers when the card is closed.
- Affix 3 matching embellishments of your choice to panel front.
- Adhere and trim the DSP for the Basic White Envelope to match.

Here are three other cards I created with the Wild Bunch stamp set and assorted retired DSP.
